

NeonatalSecureID™

SATO Life Science ID Solutions

When Small Things Matter, Small Things Make a Big Difference

SATO's Neonatal Secure ID™ bands are your answer to comfort and safe patient identification of neonatal patients and newborns. Comfortable, yet durable, they display the patient and parent detail you desire and provide positive patient identification.

Dependable Identification for:

- Birthing Wards
- Delivery Room
- Maternity Wards
- Neonatal Intensive Care Units (NICU)
- Obstetric Wards

Each band provides safety through positive identification of the individual patient and presents a platform for linking mother/infant. High-quality materials allow for the print of human-readable text, barcodes and if desired, a patient or parents picture. All without the need of thermal transfer ribbons or laser toner.

Neonatal Secure ID™ Bands are:

- Smudge, Smear, and Water resistant
- Comfortable, Dependable and Secure
- Reliable means of Positive Neonate Identification

Wristband Product Information

Created for patient comfort and ease of use, this durable material is acrylic based, hypoallergenic, UV coated and Direct Thermal in technology. It demonstrates excellent resistance to Oils, Plasticizers, Alcohol, and Water. Used for the positive identification of neonates and newborns, securely and comfortably banding the patient with printed identifiers that tie the patient to the birth partners/parents and provides positive patient identification.

DESCRIPTION	ITEM #	SIZE	COLOR
Neonatal Secure ID™ Band	60S131001	Starting Size: 1.5625" W x 6" L Finished Size: 1.125" W x 5.625" L	Bright White

PROPERTIES	
Construction	Multi-layered film
Sensing	Eyemark
Imaging Type	Direct Thermal
Scannability	Visible, NIR and IR light spectrums
DURABILITY	
UV Light Resistance	Minimal discoloration with extended UV exposure
Water Resistance	Withstands total emersion and wet heat up to 150°F
Storage Conditions	41 - 77°F (5 - 25°C) RH 45 - 65%
Usage Conditions	41 - 104°F (5 - 40°C)
PACKAGING	
Roll Size	O.D. 2.5" / I.D. 1.5 inches with plastic core
Roll Count	100 roll
Roll Wind	Face Out
Rolls per Box	5 rolls

The above data represents product averages, allowing for industry-accepted variances. These products should be tested in the end-use conditions to ensure that they meet the requirements of the specific application.
